

## Veterans Memorial Park Public Art

Veterans Memorial Park is set to become the city's largest park once completed and a dedicated place to recognize and honor the nation's veterans, the first such location in Carlsbad. As part of the development of this new park, public art will be featured prominently on the upper plateau where visitors can enjoy the scenic view.

A national Call for Artists Qualifications was released on Aug. 31, 2023, to recruit potential artists or artist teams to create the permanent public art for the upper plateau of Veterans Memorial Park. The deadline for artist submissions closed on Oct. 24, 2023.

A Public Art Advisory Subcommittee met on April 25 and June 12, 2024, to evaluate artist proposals and select the artist who will create the public art for Veterans Memorial Park. The subcommittee selected Gordon Huether Studio.

Visit the Public Art Advisory Subcommittee webpage to watch past meetings, view meeting materials and read the qualified artist proposals.
