

gordon huether | résumé

SUMMARY

I have spent my career exploring the power of public art: how it can engage communities and elevate the mundane to the memorable, creating lasting impressions in the viewer. Over the course of my career I have created hundreds of unique and forward-thinking works of public art for dozens of cities throughout the country. These artworks reflect the cultural, historical and environmental spirit of their site, activating spaces and engaging viewers in unique and memorable ways. My mission statement: *to inspire the spirit of humanity by bringing beauty and meaning into the world through art* guides all of my creative endeavors. Gordon Huether Studio is proud to be recognized for delivering all projects on time *and* on budget, within even the most challenging of timelines and circumstances. My outstanding, professional team has the proven capability to create dynamic award-winning artwork in diverse and complex sites.

SELECTED COMMISSIONS
