

Events At GORDON HUETHER STUDIO

Affectionately known as the “Haybarn,” Gordon Huether Studio houses the operations of artist, Gordon Huether, and his team. This visually incredible space of over 10,000 sq. ft. of gallery and production facilities provides an inspiring and lively setting for your next event.

The art studio delivers a one-of-a-kind creative atmosphere. Housed in a beautifully restored former haybarn dating back to the early 1970s, the Studio offers a striking, gallery-inspired setting, featuring soaring ceilings, exposed beams, and expansive gallery walls adorned with Huether’s fine art. Anchored by Huether’s large-scale installations, the space pairs an industrial aesthetic with bold artistic expression, offering a visually compelling and thoughtfully designed environment.

Our venue allows for large or small events — accommodating up to 300 guests year-round — making it ideal for grand celebrations, corporate galas, and large-scale receptions or more intimate gatherings such as corporate retreats and small-scale functions.

Partnering with neighboring winery, Whetstone Wine Cellars, we are excited to offer guests a truly unique and memorable experience, no matter what size of the event!

About Whetstone Wine Cellars:

Whetstone Wine Cellars is a family-owned Napa Valley winery known for its limited-production, single-vineyard wines that emphasize balance, structure, and a strong sense of place. Their portfolio highlights meticulous vineyard sourcing and restrained winemaking, resulting in elegant, age-worthy wines that reflect the diversity of Napa Valley terroir.
